

# Serviced Office Space USA

---

## 12848 Queensbury Lane

Houston 77024

This center is the ideal setting for those professionals commuting from even the furthest reaches of the wider region. The center is located just minutes from I-10, Highway 8, and public transportation stops making it easy to get to and from the entire Greater Houston area. Additionally, this location is close to several restaurants, hotels, and shopping malls. The regional transport links are also excellent and provide all prospective tenants with a range of frequent and convenient services throughout the area.

The passion at the center is helping others do more. This space is much more than renting an office space. The center wants to be the launching pad that helps clients do more with their businesses, community, and the world. The two locations (Austin and Houston) offer a clean, professional, and fun workplace. The workspaces are designed to help clients build connections with people, and the in-house events will help clients sharpen their business skills. In addition, this business center connects members with ways to give back both locally and globally through non-profit partners and local advocates.
